

Tajuddin	Zayid	45240	We need progressive talk formats to balance out the conservative agenda. It is choices and opportunities that makes America great. Are we to give that up for a one-sided adgenda? After loosing Air America in Cincinnati, my only choice was to listen to the Columbus station duirng my lunch hour in my car, which is in South Dayton. Needless to say the reception was distorted because of the distance-but the information gained was much clearer than the local AM stations that I could readilly tune-in. We just need to get the word out and call write to all the sponsors of this 'new' format that will take over and consistanly put the pressure on the advertisers that align themselves with the likes of Savage Nation and others. We need to do our jobs as empowered listeners. The talk hosts at Air America have done their

John	Christman	99208	It is very important to keep progressive talk radio on the air as a counterbalance to the rightwing spin machine that we are all exposed to on a daily basis. Since we no longer have a fairness doctrine in our country, it is vital that an alternative to the vast rightwing network remains viable. I listen every day to Ed Schultz and Stephanie Miller as their programs are on at times that are convenient to me, but I also listen to other programs as time allows and frequently am able to stream programming at work. Don't allow this important resource to die.
Perry	Brigner	45401	There is already plenty of Conservative Radio stations in Ohio. This station needs to stay as a PROGRESSIVE station!
Rebecca	Smith	43221	I firmly believe we need a balance in the political arena in this country. We need to air all opinions in this so called democracy. Our country has flourished with these attitudes. The attitude that a monopopy of power in many areas of our society is for the greater good does not bode well for our democratic ideals. I was encouraged that clear channel was willing to let the progressive side be heard on WTPG, but I am deeply disappointed in their pulling progressive talk from the air waves. We need to hear both sides of the debate so democracy can flourish.
Carol	Bene	43050	Please add my name to the list of voters, listeners, and consumers in Ohio who believe that the Columbus Ohio area needs a progressive radio

James	Mulick	413235	If Radio 1230AM changes formats they will lose me as a listener. The drive to work will be with NPR, and so will the drive home. I have been a loyal listner and promoter of the station as liberal talk radio since the day it started. I have patronized its advertisers and suggested that others give it a listen. At home I will stream the former talkers on the internet. Please don't
Rick	Smith	45208	In Cincinnati, Air America went from 1530AM to 1360AM (a weaker signal), and then went off the air. I listened primarily to Air America and NPR. Clear Channel is systematically pulling progressive voices off the air. Air America hosts keep tabs on public officials and corruption more consitently than anyone else - this is important stuff! Air America also provided a vehicle for progressive politicians (Democrat or Republican) to get their point of view across. Finally, a local Air America station provided a vehicle for addressing the progressive community in Cincinnati -this is important when candidates like myself (Iran for State Sentate, 7th District) need to communicate to this community.
Sam	Leitheiser	56303	Long live Air America
Jennifer	Cox	43065	If Clear Channel goes through with this mv husband and I will make a concerted effort to notify their advertisers that we will be boycotting them for supporting the repression of progressive talk radio. This is disgusting. If the company can't sell ad time with tripled ratings, they are trying NOT to sell it - look at Madison (Wisconsin) ...a listener sold the adspace in a few hours with a few cold calls.
Steve	Rosenberg	43235	It is so important to have a balance of opinions aired on the radio. Without WCOL Central Ohio will loose a progressive perspective on the important issues facing our nation, and it will become more difficult to be a well informed electorate able to make informed decisions. I realize the owners of WCOL are making a business decision. I think they are shooting themselves in the foot. This is a predominantly Democratic town, and the station could well increase its listener base if the owners stick with it.
Christopher	Cox	413065	PLEASE not another conservative clone station!! 610 has already pulled any semblance of a moderate voice from their air. Call Bruce Collins and let him know you will actively notify his advertisers of your intent to refrain from doing business with them for supporting this decision. Your FCC charter demands that you do what is in the best interest of the community, so please don't ignore the voices of your listeners. The people of Ohio and your listening area have our nationwide support and attention, and we will continue to keep the issue public until they have a permanent progressive radio voice.

George	Goodburn	3221	Although I do not subscribe to the notion that liberal talk radio is that much of a more intelligent alternative, do we really want a station which apparently intends to be the voice of those who consider the rantings of Limbaugh and Beck on their sister station to be mainstream. It is also an attempt to give voice to the silent intelligent middle.
DaVaun	cROXTON	43220	Keep Progressive Talk Radio in Central Ohio!
Roy	Butler	43221	This action to destroy progressive radio in Central Ohio and elsewhere should not surprise anyone. And, it needs to be understood for what it is, some of which follows: It is just part of a well orchestrated manuever by the radical right wingers in this country to continue trying to have their way even in times of defeat and when greater rational, common sense and middle of the road thinking prevails. It also is part of a systematic right wing effort to subvert our Constitutional rights and privileges through a constant and overwhelming flood of propaganda, which is designed to destroy more moderate thinking and action. Such deliberate action is based, in part, on the premise that anything has a price and everything can be bought by those who have the funds to do so. And, that's what's been happening. TV, radio, newspapers and other media have been bought by the big money folks and more and more of the "News" making and reporting power has gotten into control of fewer and fewer right wing thinkers. This privatization now controls more than ever what citizens hear and read. It's past time for our federal government to again take control of radio and TV broadcasts and newspapers and regulate them through the FCC and other regulatory offices to ensure fair and balanced news and views actually get the chance to be heard and given visibility. Otherwise, this unbalanced propaganda and non-diversity media machine will continue to flourish while the majority of citizens continue to suffer a lesser quality of life, and wind up paying the financial and governing bills without representation.

John	Rotonda	43035	I can't imagine that those who will be changing the format at TPG have the slightest concern about free speech, democracy, or the health of the nation in mind- that's not the way THEY work. Why do we need other that spew venom against gay people, Muslims, Africans, the poor etc.? Frankly, I'm not that big on anyone spewing anything, but it seems like we are getting to be a country where making money through creating discourse is key. Columbus is a moderate town. It was moderate even during the Presidential election. Why aren't you reflecting this?

Kent	Minor	413235	I am extremely disappointed to learn of AM 1230's decision to change its format and no longer provide listeners in the greater Columbus area with progressive ideas. WTPG provided a valuable civic service by providing a balance to extreme right-wing propaganda spewed forth on other stations. In addition, WTPG improved 1230's ratings from previous formats. I never listened to talk radio before WTPG and will not do so when the format changes.
Trish	Van Zandt	413202	Please don't take away my progressive talk radio!
Dawn	Stanko	413017	This station is the only opposing view to the conservative control of other stations including the two overtly conservative TV stations Fox28, and ABC. Since the FAIRNESS DOCTRINE no longer applies we need a station to provide factual information other than administration propaganda. Since the ratings of this station are the highest they have ever been this change is in response only to politics, the election and CORPORATISTS trying to control the Policies of the country.
Debra	Faramarzi	53590	
Vanessa	Baker	413221	After six years of divisive politics and politics for the rich, Americans spoke at the election booth in November. Since Progressive Radio began, it has brought news to those of us who did not believe the "fake news" that was being fed to the American public during the last six years. It has been the voice of reason and become the single most important element in coalescing the progressive message. We need this kind of message to balance the overwhelming grip the Bush administration has on our media. This was the only thing that helped the First Amendment of our Constitution from being completely destroyed. I am hoping that all of our voices pleading with you to continue with the progressive radio format will make a difference. Please reconsider your decision. We do not need any more diviceness and ugly hate talk in our country. We need to be brought back together and be the <u>America we once were.</u>
G	Ruwe	413026	Boqus format change for politacal reasons.
Elayne	Jameson	413130	We already have right wing 610AM in Columbus. Keep our options open and let us have the Progressive talk on 1230AM. That keeps the air waves in this area more fair and balanced. I will not be brainwashed by the rightwing. I listened to 1230am from 6:00 am in the morning till 10:30 at night, EVERY DAY.

orrere	Wade	43224	Air America and The EdSchultz Show have been a lethal combination for backwards-thinking conservatives in the last election. We need to continue to put the truth out there. This morning's Dispatch had a letter to the editor saying that Air America died because "...no one cared! Do we care? Hell, yes we do! We aren't dead yet!
obert	Klippel	80005	More dishonest, corporate sheild, and right-wing-cry-baby radio in America is the last thing we need. athi	mcavena	43230	I love Prooressive 1230 ! It is the only form of broadcast media heat as I have since the 2004 election stopped watching all TV ! I has the 1230 window sticker proudly displayed on my car and have given the stickers to many others as well as told even more about the wonderful programming. This people have become avid listeners in the car at the gym at home at work where ever! We support the sponsers as much as possible because we want and need this programming on the air and easily available to the masses. Forget NPR it is in no way as open minded , enlightened and informative as one might think and it should be! But it is impairitive that we have opinions, discussion and yes dissent heard if we are to remain and or retain our Democratic Republic! I have been so thankful to Clear Channel for broadcasting Progressive radio as conservative talk shows have ruled the ether for so many years. Please, please keep this wonderful programming in Columbus, we will double our efforts to bring news listener s and believe me we can. Please if you truly intend reach a broader market and again it is very possible, do more advertising, I have yet to see a Billboard with 1230am Progressive Radio on it, when I do I will pull my car over get out and stand with my arm pointing up to all day! We need it to continue to grow as a progressive, vibrant, young and forward-thinking city. <u>Progressive Talk does that for Columbus. Please,</u>
Michael	Warner	43219	Central Ohio and the nation need progressive talk radio now more than ever. Our nation has been in rapid decline since the Bush regime has taken over. Progressives need their voices heard on the airwaves to counter-balance the radical right.
James	Underwood	43207	If I wanted to listen to a bunch of right wing morons, I already have other options. WTPG was my only local choice for sanity on the airwaves. I guess this is why people get satellite radio.

Bruce	Garrett	43102	The airwaves are already filled with too much Rush et al. All the radios in my house have one AM station....1230 Progressive radio. I used to listen to some programming on 700 until they went over the edge right. Now it's all 1230 for me. If you truly believe in allowing all sides to be expressed, leave 1230 in it's present format.
Theresa	Mansour	43220	I'm outraged that a big city, the capital of Ohio wouldn't want listeners to get the whole <i>story</i> when it comes to our nation and it's leaders. The truth about our government deserves to broadcast in every city, not just cities of red states or blue states. Incidentally, in case anyone hasn't noticed, Ohio has gone blue again. The right just can't stand it when the truth is broadcast over the airwaves.
Patricia	Slane	43016	I listen to your station for more than three hours daily. Do not remove progressive radio. We do not need more right wing radio.
Vada M.	Weich	45316	I listen all day to Progressive radio. I will switch to Sirrus if no radio available in my area.
Joseph	Dolwick	43068	
Melinda	Gleason	53593	I am a proud resident of Madison, WI, who continues to listen to Air America on MIC 92.1 and supports local businesses that sponsor progressive radio in our community. In the midst of the Iraq war and unparalleled political turmoil, progressive radio is essential for protecting democratic principles. The folks at Clear Channel will eventually learn that people in OH, and across this country, will go to great lengths to promote and protect free thought and open discussion on our public air waves.
Ray	Druian	90071	I find it appalling that the viewpoint espoused by the majority of voters in Ohio is being removed from the airwaves. This is another example of the terrible disservice done to the American public by the elimination of the Fairness Doctrine a number of years ago. ALL views should be required to be shown by ALL stations, as long as we, the people, supposedly own the ether. Until that time, it is totally irresponsible for station owners to negate the will of the majority of the listeners.
Carol	Mohr	43221	I listen to Stephanie Miller and Al Franken every day, whether on WTPG or on podcasts. There is no liberal voice on the radio except for Air America, and that is the only place where there is unfiltered news. It is ridiculous to change the format of WTPG, silencing this successful, growing station.
Elizabeth	Wetherholt	43214	Columbus needs this station! Are you, the owners, afraid of the truth?
Russell	Durbin	43221	Michael Savage?! Not just a bad idea, a reprehensible idea. This listener will go from support to boycott mode.
Barb	Sivinski	43220	Wow! How disappointing is this. Don't you really think we have more than enough of the conservative radio stations in the Columbus area? I thought it was a such a refreshing change to hear other opinions. I have been such a fan of 1230 "PROGRESSIVE" talk ever since 2004. I know this is all about ratings but if that is truly the case, I understand the Stephanie Miller show which is carried on 1230 at the moment tripled their ratings in Columbus. Who is making this awful decision. We do not need another neo-conservative talk show with the likes of Ingrham and Savage. All they do is spew hate. why would you want to promote that?
Jacob	P.	43210	There are plenty of right-wing pundits covering the Republican spin machine's agenda, but far too few promoting the voice of progressive America. We cannot let Clear Channel and their ilk suppress our voices! We should be proud to be progressives (the majority in America!), and fight for our right <i>to</i> hear our message broadcast across Columbus, Ohio, and the rest of the nation!
Ray	Mayhew	43081	This is just another form of our being controlled as to what information we should have access to. The people spoke in the election and now our outlet to have our viewpoints heard are being taken away.

nda	Brown	11435	Progressive radio (AirAmerica) and progressive policies are supported by majority of citizens. We (the owners of the air waves) deserve to hear the voices of the majority - not solely those of far right conservative corporations whose vested interests are not public service but serving their corporate masters. Thank you.
ANDOLPH	MCCLAIN	43214	Keep Progressive Talk in central Ohio.
ndrew	Starkey	43154	1230 isn't the only station I listen to because I like to hear all opinions. It is the only station with rational, incisive discourse and I wish that mattered to those who make the decisions. Why they fear intelligent discussion is dumbfounding.
iane	Donato	43202	I listen to Air America Columbus affiliate everyday and enjoy it immensely. Please don't change this format. I listen while at work, driving the car and at home. Central Ohio is filled with progressive people who love listening to Air America.
ker Marlene	Frank	62207	I want to keep progressive radio alive. We need to hear from more than Bill O'Reilly and his kind. We want Stephanie Miller, Big Ed Schultz, and Thom Hartmen to remain on the air. We want more shows like Democracy Now with Amy Goodman. Limbaugh demands progressive rebuttal, no more democratic drivel. Progressive!
imberly	Russell	43229	The media as a whole is conservative so it has been wonderful to finally be able to hear progressive views, my views, on the radio. How sad that Clear Channel won't find a way to make this work. Air America would have been more successful if it had been broadcast on stations with a more powerful signal (I live in Columbus, the Ohio capitol, and couldn't listen in my car because the signal was too weak) and stations that didn't cut into programing every time there was a ball game on. I believe that Clear Channel could have been successful with Air America if they'd actually wanted it to be successful. If they'd actually cared about the news more than they cared about money they, ironically, would have made money. I live in a state that has always leaned toward the conservative end of the spectrum, the fact that we elected a Democrat for governor this past year is indicative of our countrys need for progressive representation both in office and in the media. The media's unwillingness to branch out reminds me of tobacco farmers who know that tobacco sales are down but have only known for generations how to grow and sell tobacco. Sure, there will always be cigarettes, but with a dwindling market, all of the tobacco farmers lose if they all remain tobacco farmers.

ira	McDonough	43202	Progressive radio is extremely important to Central Ohio because there are very few outlets in Central Ohio that allow such a broad group of idea' s and viewpoints. The new line up is nothing but a stale view that has plagued our great country and democracy for the last 10 years.
ennifer	Seas	43062	I listen to this station all day. If Stephanie Miller and others are taken off this station, I will be done with regular radio. I would rather pay Sirrus than be force fed right-wing propoganda. I guess this is our punishment for winning in Ohio. They need to shut us down before we elect a democratic president. They are already afraid of the message that Barak Obama and other great democrats have been putting forward: putting the middle class first!

m	Southern	3221	Central Ohio deserves to keep its voice for progressive politics. I urge Clear Channel to reconsider its decision to pull the plug on this format. If not, then you've lost one loyal listener here. The bottom line should not be all that is considered in your decision. You should take into consideration your responsibility as broadcasters to use the publicly-licensed airwaves in a fair and balanced manner. We used to have the Fairness Doctrine as the law in this country that required radio stations to present all sides of the issues of the day. Be good corporate citizens, and consider keeping the Progressive talk format here in this community.
cot	zellman	3201	This plan to sink WPTG in Columbus -- the only progressive views available on the air around here -- is ridiculous. There is no reason, none at all, that progressives like myself shouldn't be able to find a talk radio station that is worth listening to. This country finds strength in a variety of political points-of-view and I shouldn't have to struggle to find more than the Republican party line on the airwaves. No one interested in the political issues of today should have to struggle to find news and views that aren't slanted so far right as to be dangerous to the notion of "Truth, Justice and the American
leleesa	Hunt	3221	I am dismayed about the news of the progressive format being discontinued on radio 1230. The airways are public and should provide a wide variety of offerings to reflect the needs of the entire public. With the demise of the progressive format on 1230, a majority of listeners in the Central Ohio area have nowhere to go to hear their views represented. For my part, I will stop listening to regular radio and will go with a subscription service. I am ashamed and disappointed of Columbus in that it seems we are becoming more provincial and less sophisticated/cutting edge by the day. This decision is one more nail in the coffin. Note that I do plan to listen long enough to find out who is sponsoring the programs. I will then contact those advertisers to indicate that I will not buy their products based on their support of yet another right leaning radio station.
Carol	Lyden	3016	Please keep 1230 AM Progressive Radio. I listen every day and support its advertisers. There are many of us here in central Ohio who want to hear progressive talk shows. There are many right wing radio shows here. We don't need or want any more right wing hate talk. We need reasonable and responsible progressive talk shows. I will not listen or support the advertisers if the station changes to right wing and sports talk.
Ellen	Miles	3055	In a free, democratic society, all voices must be heard for an informed citizenry to make responsible decisions. Media options that include only right-wing, conservative voices cannot promote an educated public. Please preserve the rights of the people of Ohio, uphold democracy, and maintain the integrity of the station by continuing to broadcast progressive
Sam	Lytle	3209	Please save progressive talk radio in Columbus Ohio. In case they didn't notice, Ohio voted for the Democrats in the last election! Do they really think anyone will support or listen to a Rush-type station. I personally will listen long enough to hear who is advertising and then boycott all of the advertisers. I will also urge everyone I know to boycott them.

nanda	chel	43055	There is only one difference between progressive radio and right wing radio, but it is a pretty big one: truth. While the progressive radio stations attempt to shed light on issues that actually matter to the population as a whole (i.e. global warming, election fraud, and the catastrophe of the Iraq war), right wing radio perpetuates all that is wrong with this country (i.e. gross abuse of capitalism at the expense of a vast majority of the population, encouraging fear as a means of republican re-election, and focusing on issues irrelevant to the big picture and our future (gay marriage)). Right wingers feed off of hate, fear, greed and inequality in the name of Jesus Christ when they behave the least like Christians in every sense of the word. We, as Ohioans, need the truth coming over our airwaves not the divisive garbage that the likes of Rush Limbaugh would like us to believe. Thank You for your time in considering my words and the
margaret	colli-clark	43220	We need to have choices in radio. Progressive radio has been my choice from the inception. I was so glad that I was able to find a radio station that shared so many thought provoking ideas, interesting guests, and the flipside of so many arguments that were in the paper. These radio personalities present information that other stations are steering clear of. I feel that it's important to have two sides to stories to actually make informed decisions about events going on in our world. We need not to let Clear Channel take away this choice in broadcasting. I do believe tht 1230 has a very strong following and that it can serve given the chance.
matthew	ark	43207	The decision to change format on 1230 WTPG in Columbus is a travesty. For years, the right wing political commentators have dominated the airwaves in Central Ohio. I plan on informing all of my associates and friends to join the cause to keep progressive radio going.

After the election of November 2006, it is hard to believe that there is a market for more right-wing talk, but not for the only left-wing talk. Stephanie Miller and Rachel Maddow are funny, entertaining, and informative. Keep them on the air. I promise that I will not patronize any advertisers of a new format station, and I will encourage all of my friends to do likewise.

chirs	eeckman	43081	Please do not take away the progressive format. The market here is already saturated with right-wing and sports talk. I and many others will not be supporting any of the advertisers present on the new format. Maybe it is the fault of those within the organization who cannot sell ad time on a progressive talk station, in a Democratic area, and not the format itself.
Jon	ortner	43235	As Stephanie Miller pointed out, her show is already beating some of the right-wing shows being proposed for the "new" AM 1230. In addition, AM 1230's ratings have tripled in the two years since the format change to Progressive Talk. These facts make it clear that this is not a business decision on the part of ClearChannel, but a politically motivated one. This decision is not only un-American, it is anti-capitalist. The people of Ohio have spoken in the last election, in the upswing in ratings, and in this petition and grass roots action. ClearChannel needs to listen to the will of the people, and the free-market, and stop being a propaganda tool of the

Eve	ibble	3040	Change formats at your own peril. The young targeted advertising demographic so sought after did not vote the same as those shows requested. You are in an area that voted for Kerry by 40,000 votes. I've recently moved to Columbus from Chicago, and had I not actively sought out a progressive radio station, I wouldn't have known that one existed. The promotion has been non-existent, and with major advertisers turning their back on progressive radio (http://mediamatters.org/items/200610310008), the voice of the people is all the more important. A move like this, on the heels of a statewide election which showed central and all Ohioans to be tilting left, shows yet again that the notion of a "free" market is myth.
Susan	LaPens	43082	I am a college educated mid 40' s woman that lives, works and shops in the Columbus area. My husband and I (who commute together) refused to listen to the radio for years on our drive in. That was until 1230 AM became progressive talk. We drive in at 9 and love the Stephanie Miller program. As a matter of fact I even turn it on in my office the minute I get in. I am out and about throughout the day as I am a recruiter and visit companies daily and it is the only station that is ever on in my vehicle. I have turned all my fr'ends onto this station and it would be sadly missed if it is taken off the air. It will be the final push for me to turn to satellite radio. Jo	Simonsen	44849	I listen to Steph couple times a week on my trips to Columbus. I know the exact point where the 1230 airwaves finally reach me just south of Marion. My husband and I have told numerous friends around the country about Stephanie Miller, (and Progressiv Radio). Everyone who turns her on keeps her on, except the station owners apparently. Each time I share a station with a friend, I find out the format is due to be pulled (i.e. Boston 2 weeks ago). Now I will only enjoy her via streaming (New Haven, CT WAVZ-AM) or when I am fortunate enough to be in the Akron area. In West Central Ohio I counted 13 Rush L. carriers in one spin of the AM dial, likening it to being lost in the Bermuda Triangle. I turned the radio completely off. We progressives are a huge, enthusiastic and apparently untapped market and any decent management seeking real profits would be wise to harness our buying power. Unfortunately we can expect these "mental giants" to blow a good thing. Remember: the opposite of progress is backwards.
Anne Marie	Keller	43212	
Scot	Gassen	43214	Pundits and talk radio from the political right are all gloating and claiming that Progressive Radio is failing because: "Nobody cares, and nobody is listening". This obviously is just more propaganda from the right and is not reality based. There is currently a large audience for Progressive Radio on WTPG 1230am so what dynamic is in play to cause Clear Channel to put the kibosh on what seems like a successful radio format? Is it naive to assume that if Progressive Radio was sucessfully generating revenue then the reason that it is being canceled must be that pressure from the special interests of the political right is being exerted on advertising sponsers not to continue to support this format? The results of the recent midterm elections (especially in our state of Ohio) was a powerful barometer for political and social change that can't be easily ignored! There has to be a market for Progressive Radio here in Columbus so what gives?

ullen	43015	The only station I listen to is 1230. chmidt	143204	It seems ironic that the totalitarian barbarity we supposedly fight around the world can have such a fertile ground here in America. The war against tolerance has reached a stage where merely opposing the party in power is portrayed as treason (by them). Airing of all political/social viewpoints is absolutely essential to the future of our country. Any broadcaster who abandons a successful format for outright idiotic propaganda should be suspect. It should be noted that the stated objective of WTPG management of severing ties with Air America seems to include two programs which are not part of Air America (Stephanie Miller and Ed Schultz), but are very much a part of progressive broadcasting. Could it be that pressure from right-wing advertisers and/or political interests are more important to America than freedom of speech? Rest assured, WTPG, if you become yet another Bush administration propaganda outlet, you will lose this household as listeners permanently.

In fact, he doesn't even call himself Weiner anymore because he's afraid of what? Listening to this kind of OxyContin-induced trash makes me sick: On July 7, 2003, he was fired by MSNBC after remarks made in response to a caller, later identified as prank caller Bob Foster. Savage was doing an "Airline Horror Stories" piece, when Foster called in to his show to talk about undercover security guards smoking in the bathroom. His next words were, "half hour into the flight, I need to suggest that Don and Mike should take your show so you can go to the dentist because your teeth are really bad". The words after "should were bleeped out by an MSNBC executive. Savage then asked if Foster was a "sodomite", to which the caller answered "yes". I truly hope that WTPG continues to speak truth to power, (maybe even with a locally hosted show) but if not, I know that I personally have learned too much to appreciate some of the proposed new programming (Michael Savage, etc.) and so my own listening habits will change.
Kathy	Fowles	43081	We need progressive radio in Ohio. Everyone has the right to be informed by the media supporting their view. There is too much censored, narrow-minded opinion on talk radio. What is Ohio afraid of? Opening minds? Please keep Air America on AM 1230. It is informative and necessary.
Kim	Hope	43207	We need for our side of the issues in this country to be heard. I believe progressive radio had a big hand in the recent elections. If we lose radio the right wingers will have no one to offset their propaganda.
Eileen	Flanagan	10021	You people are despicable propagandists.
Lois	Patton	43221	
SUE & PETER	COHEN	20853	It is essential for Ohioans to have multiple venues and stations expressing all points of view in the political spectrum. Please KEEP progressive radio on. Due to their voices crooks like Bob Taft, Bob Ney, Tommy Noe and Kenneth Blackwell are being held ACCOUNTABLE!!
Daniel	Skrovan	43081	They must never have truly tried selling ad space. If even half of the PSA's were ads the station would be in the black as there's no local programming to eat up \$. This format never had the backing of CC and was set up to fail I'm sure Nov. 7 didn't help. OMG , people might be listening to progressive radio...we better shut that down. The CC station in Akron is keeping the format...for now. Let's see how long before CC shuts that one down...and it IS making money for them.
John	Marcum	43204	Clear Channel is screwing Columbus by switching formats again. Before being a progressive talk station, AM 1230 failed as a sports talk and as an oldies station. There are already enough conservative stations not just in Columbus, but around the country. The last thing needed is more of the same. If Clear Channel doesn't keep the format, can they at least replace Lush Dimbulb with either Al Franken or Ed Schultz on 610 WTVN?

John	Colwell	23454	We NEED the opportunity to have opposing views heard across the federal air waves. Here in this pan of Virginia we are subject to the "right" point of view only. Thank God we have the internet to listen to the other side, but that avenue is slowly being shut down with the moves such as is being proposed at 1230 am. It's sad what happen in Cincinnati, Cleveland, and now Columbus. what's more sad is the amount whom signed this petition, I guess it's a done deal! Here is my small part, I drive in Ohio alot, infact I saw Ed Schultz in '06 doina his show there at the union hall for 1230. I do
Linda	Fitzsimons	43221	
William	Watson	43224	Keep progressive programing on WTPG 1230 AM. I have been a loyal listener since the change to progressive talk, but refuse to listen to the likes of Ingraham, Savage, etc. Since I work from my truck and listen all day, I guess its time for XM.
Mark	Matteson	101721	In solidarity from Boston. where the Evil Empire flipped our station durina the holiday break with virtually no warning (if there was a blurb in the local papers, it must've been pretty dang small).
Shirley	Durgan	98422	We have a summer place in Ohio and spend at least 2-3 months there each year. We want Progressive Talk Radio back on the air in Columbus!!
Catherine	Frances	59801	ALL political sides and views should be available to the American people. Montana
Brenda	Beverly	29488	
Paris	Conway	98266	
Agatha	Wilcox	43288	Please save progressive radio, the right wing talk has a strangle hold on the air waves
Pam	Bentley	43206	I never listened to 1230 before Air America and I will never listen to it agin if AA is taken off the radio. Call me a conspiracy theorist but I think it was too successful (i.e. the Democratic victory in November) in getting its message out and connecting progressives.
Kevin	Himmelberger	43206	I'll have to go back to listening to NPR!
Betsy P	Caldwell	28804	Well, if you only want one voice, then by all means, get rid of progressive radio. But if you want people to have an actual opinion then its good to have several different types of radio.
Catherine	Huston	43081	Keep progressive programming on 1230 AM in the Columbus market. There are plenty of other stations available with conservative programming (and better reception, I might add). Yet another format change for 1230 isn't going to help your marketshare. If you bothered to put more effort into cultivating a truly underserved radio audience, you might be pleasantly
Misty	Little	43119	1230 is the only station that I currently listen to, and to lose it means that I will lose my only link to progressive talk. There is already 610 in Columbus, so why the need for another right-wing station? Columbus is a very liberal city, so I don't understand this change.
Andy	Harper	43221	
Melissa	Parker	43017	
Dan	Parker	43017	
Sondra	Hurwood	43228	I am a retired teacher who listens to 1230 Progressive Radio every day. I will NOT listen to a station that has people like Savage and Ingraham. Columbus deserves better. We all deserve better.
Moirra	Manley	43023	Please leave the format alone! This is the ONLY progressive radio program we have.
Kristin	Blood	01749	I visit Central Ohio often and was shocked to hear that 1230 AM will no longer offer Progressive Talk Radio. Say it ain't so!!!
George	Smed	45247	After our success in November this was inevitable. In Cincinnati we were being sabatoged from the begining.
kim	shearrow	43065	I only listen to progressive radio if it goes off the air my radio goes off forever. I still have free speech t.v. and link t.v.

Joanne	Adams	43054	I've been a loyal listener to WTPG since early fall 2004. Progressive talk has been a breath of fresh air and enlightenment. I was absolutely sick upon reading the Dispatch article. In spite of a dismal lack of promotion, listeners ARE there - I always hear callers from Columbus on the major shows. Countless friends have been thrilled to learn about the station. 1230AM needs marketing change, not format change.
Lori	Bissler	45242	If there are two forests, one with thousands of elm trees, the other with thousands of different trees, and a blight that kills elms comes along, the first forest is wiped out-- the second survives. Please keep progressive radio on the air to keep our forest-- America-- healthy and strong. There are so many media options available, I will certainly choose those options that offer diverse thinking, as well as their advertisers. If I am forced to listen to narrow, single-minded programming, I just stop listening (and buying those
Brenda	Lackey	43209	Air America has meant a lot to me. I listen to it everyday. I can't imagine that I will not be able to get in my car and turn on Stephannie Miller or Al Franken. This is just so wrong.
Sheila	Brex	43212	
christine	plank	43206	We need progressive thought in Ohio. We have Rush on the radio. We need something to balance that out or our brains will turn to mush!
Jo	McCulty	43204	
Dan	Ticotsky	45208	
gloria	van Dixhorn	53704	I listen to progressive talk all day every day where ever I travel. I find I am more inclined to linger longer and spend more money in locations that understand that being progressive is a very good thing.
Kolleen	Lain	43004	Keep progressive programming on 1230AM in the Columbus market. There are plenty of other stations available with conservative programming (and better reception, I might add). Yet another format change for 1230AM isn't going to help your marketshare. The existing format is the best you've ever had.
Elaine	O'Malley	28211	No, I don't live in Ohio, but I'm concerned about the unfair slant. I look towards the Northern states to carry the flame of progressives. If they cave, what will be left? Don't let this happen.
Eric	Boyd	43081	
Janet	Stoneking	43081	Please keep Air America on!
Heidi	Sherer	43202	After too much of the same flavor I lose my appetite. We don't need yet another ultraconservative station. Doesn't Clear Channel know what Air America's ratings mean? Perhaps making money isn't the objective anymore. If not, then what is it? Progressive radio clearly sells in central Ohio. To cut it now makes absolutely no business sense. It also insults the majority of voters and listeners here. Listen to us. We are listening now. We won't be after the 9th if you make this huge mistake. So make the right decision and keep what's selling.
Kathleen	Mogg	43085	Please keep broadcasting the progressive radio format.
Terry	King	98607	I think progressive radio helps to make a difference. I hope that it's not silenced in central Ohio.
Tracy	Bloch	06457	Love Ed Shultz & steph miller....lots of great progressive talk out there. Why take away peoples' choices? Doesn't sound very American.
vicki	weber	43202	
Stan	Hertzman	45208	Way too much RW radio - total bias. Need some ballist - makes for smoother sailing!
Michael	Mann II	43205	1230 is all i listen to i cant imagine not haveing it hereit allways seems like a great station comes along and some suit thinks its a better idea to change it well please dont we have a righty station here in cols and we have a lefty station leave it that way so it stays fair and balanced WE ALL LOVE THE FORMAT
kelly	Barriga-Chavez	43232	Keep 1230 the way it is

William	Brown	3055	
Matt	Webster	3110	I love the current format. If the format is changed, I will no longer listen to 1230 AM.
Mary	Schmidt	3204	Progressive radio has turned me from a once-in-a-while (when nothing else was available) to an avid listener. When out of town, I always try to find a station that has the same format, even going as far as planning ahead and checking listings for the area I am traveling to. Change format, lose me and mine as listeners. I'll also encourage others to boycott the station. Keep 1230 for the progressives! Just what do conservatives fear? A different point of view. Just goes to prove that their point of view is full of holes if it can't stand up to discussion.
Lenise	Leslie	4017	Unfortunately the loss of progressive radio in one part of the state tends eventually stifle diversity of radio available in the remainder of the state. A radio diet of Rush and only those similar will not sell and keep market
Lonna	Alazzo	4839	Please save Progressive Radio.
Joan	Strickland	5213	Please keep Al Franken and Jerry Springer on the air as well as other progressives. After all we voted for Sherrod Brown and Ted Strickland showing that we have become progressive. We also need you to get these talk show host back on the air in Cincinnati.
Mr. & Mrs. Rocky & Bullwinkle	QuirrelMoose	5133	PROGRESSIVE TALK RADIO HAS TO START SPEAKING UP FOR GAY ANIMALS. BULLWINKLE AND I HAVE BEEN A HAPPY COUPLE FOR DECADES NOW.
Jeff	Kennedy	43162	It seems the only thing wrong with WTPG 1230am was that the station was the best kept secret in Columbus. I found out about WTPG by word of mouth. In my large circle of friends, nobody even knew what 1230 AM's format was until I told them. Since most of these friends have similar political views they started listening to WTPG. As obvious by the outcome of the last election the majority have similar political views and many would listen to Air America if they know about WTPG. Clear Channel and WTPG has done very little to promote this station and they still have a decent market share with a loyal audience. It's like they did not want WTPG to be a success. As an executive of a local company, I understand how to promote our product and to what market, something that WTPG has failed to do with such a large untapped market. Our company would have fired all people involved, not changed our product. Off and on our household has also been an Arbitron household and we often get radio survey calls, if Clear Channel still makes this business blunder by changing formats we will no longer listen to broadcast radio. We will still listen to Air America on the internet or
Mary, Jeff & Kathleen	Lewin, Esquire	43055	As avid listeners of Air American and the broadcasters of Jones Radio, we are furious that the "publicly owned airwaves" do not represent a diversity of opinions in the Columbus market. 1230 was the only radio station in the Columbus (or for that matter Ohio market) that represents the viewpoint of majority of citizens, reflected clearly in the platforms of the persons elected in the most recent Ohio elections. We will actively and adamantly work to contact every advertiser and file complaints with the FCC and our legislators to state that replacement of the 1230 line-up with the extremist, out of the mainstream, hate mongering views of Savage, Ingram and Quinn is why we must change FCC rules that govern ownership of our airwaves to prohibit radio monopolization that does not offer diversity or, at a minimum, represent the views of the majority of residents of the Columbus market.
Christel	Schmidt	43125	Please keep Liberal Radio in Ohio!
Lynne	Edelstein	43212	1230 WTPG has been the only voice of reason on the radio in Columbus for the last two years. If you take away Al Franken and Stephanie Miller, I will no longer listen to this station and will be forced to bring satellite radio into my house.
Thomas	Donway	15658	
Charles	Wace	40509	

Bob	James	3212	There should be balance on the federally licensed radio frequencies. As both a license holder and a publically traded company Clear Channel in Columbus, Ohio should be publically called-out for doing what they are now doing. Publicize the history of this company and make them look really arbitrary and indeed stupid in the face of the recent election. Make the local management all the way to the corporate officers defend these actions.
Judy	godfray	21769	
David	Nathans	3119	I listen and buy progressive.
randy	ross	3026	I want my progressive radio to stay in Columbus. I listen to Stephanie Miller and Randi Rhodes every day on WTPG Clear Channel...change your mind on this. You have precedent from Madison. Progressives speak up and speak loud
dave	kirley	3142	I want to see a balance of both progressive and right wing, thats what America is all about.If all you want to do is broadcast one side than you are no differant than some banna republic communist organization!
Andre	Sheldon	2460	
Adrienne	Lewandowski	3224	I have been listening to WTPG for the last year and a half and it has become the highlight of my traveling to work and back. I don't want to loose my dose of common sense before going to work at my very concervitave office! Please save my progressive talk radio!
R.M.	Davis	3081	I am troubled by the decision to change WTPG to a right-wing talk format. There are far too many right-leaning and/or religiously oreinted stations. It seems to me that a better plan would be to offer both conservative and liberal hosts forums on the same station. Then you could assess, through advertising sales, which is the more popular format. Back when I was young, the Fairness Doctrine assured that no one political point of view could capture the airwaves. <u>It's time to bring back the Fairness Doctrine.</u>
Jeff	Boes	3224	
Marty	Kuhn	3212	After the last election it should be obvious that Ohio is leaning left. However, the powers that be at Clear Channel claim to be unable to sell progressive talk to prospective advertisers. We are expected to believe that a professional advertising sales force cannot convince business owners that liberal dollars are just as spendable as conservative dollars. Couldn't it be explained to these prospects that they don't have to agree with me politically to benefit from my patronage? And couldn't they be shown the growth trend in progressive talk (tripling in two years in the Columbus market) is a positive thing they could use to their financial advantage? Are we expected to believe these same people are more concerned about the political bent of a station than the potential income that market may offer? Perhaps they are simply unaware that progressive talk listeners are extremely loyal and more likely to follow their favorite programs than to just convert to the whims of the station owners and managers. Maybe the only change that really needs to be made is in the advertising.
marsha	coe	1152	Did the people not send a loud enough message in the mid term's.We want radio and the expressed by their quests.
MICHAEL	MILLER	3232	CAN YOU SAY MARKET RESEARCH?
Judson	Crook	3221	It is important to keep this station in a progressive format. Preferable hosts are Ed Schultz and Stephanie Miller. If the format changes I will no longer Patronize ANY clearchannel station.
Frank	Szakacs	3201	People simply have right to hear both sides.
Frances	Bengtson	4288	DOES IT NOT SEEM THAT THE PEOPLE OF OHIO AND THIS NATION HAS SPOKEN-----WE WANT EQUAL RIGHTS FOR ALL SIDES TO BE HEARD-----WE NEED TO HAVE AIR AMERICA AND OTHER SUCH PROGRAMS TO MAKE SURE THAT ALL SIDES GET HEARD

David	Laskell	44123	Aren't there enough stations overrun with the likes of Lamebrain already? That ClearChannel would pull progressive format from this Columbus station is worrisome; could the same be in the works for WARF 1350AM, Radio Free Ohio based in Canton OH[NE Ohio]?
Ed	Loose	91740	My mother lives in Cambridge Ohio and I have visited numerous times over the years. Ohio NEEDS Progressive Radio. Citizens of Ohio are good God Fearing people. But several women I met don't know that the salt that is spread on the roads to melt the ice and snow causes their cars to rust. God Bless these folks but they need education.
Deborah	Lagin	07734	The air waves belong to the people not the owners of radio stations. The people want progressive talk radio. You and your stock holders can get just as wealthy running a Progressive format. We will fight hard for you if you run a Progressive format. Don't be afraid of the FCC.
Eddy	Cooper	45424	I travel between Cincinnati, Columbus, and Dayton respectively as a courier. When I am able to pick it up I can hear progressive talk and hear my favorite talkers like Stephanie Miller, Al Franken, Jerry Springer, Randy Rhodes, Ed Schultz and others. That is I used to until the first opening salvo came in Cincy when they switched the progressive station started to play Dr. Laura, Neil Boortz and other conservative talkers. Jerry gone! Air America, gone! Others, gone! Then in Dayton--at a station I used to work for doing "gasp" overnight replays of Rush Limbaugh--I find the conservative "Fox News Radio" station WHIO-AM simulcast on FM broadcasting Boortz, Limbaugh, and Hannity over the FM saying they want to reach the Springfield area with a clearer messages. They reach Springfield alright...try driving around as far north as Lima to as far west as State Route One in Indiana and far out towards Columbus and you can pick up the signal. That's number two if you're counting! Then I find out Columbus is going too? What the hell?! I give up! No, I don't give up because I will not have all the efforts of 2006 force us off the air and our favorite talkers off the air too. I am calling for Ohio and the US Congress to push for media parity to stop this overall unbalanced voice in the media which is squelching our voice and our point of view. America has heard what these conservatives have had to say for WAY too long. I want my Stephanie back! I want Al back on!! I want Ed, Randy, the Young Turks, and others on! Ohio needs to get both sides of the story; let the righties talk, but it is high time we have our place in the sun too on terrestrial radio. Today and tomorrow the Democrats take office and take control of the Congress after 12 agonizing years of incompetence. I urge my Ohio progressives to call Sherrod Brown, heck, call Vonovich (he still has a heart doesn't he?), call the House and Senate folks who have been put in office. The first 100 hours are crucial, but the next 100 hours need to have radio and media parity put into the talk of the nation and NOW! If we don't get this parity then we will lose the stations and the righties will have the same open stage they have had since the late 80's early 90's. It is time to make a change and although I'm all the way out in Dayton I love Columbus radio
Marcia	Reston	43230	
James	Putney	43040	
Patricia	Leisten	43228	Please keep Stephanie Miller on the air!!!!!!!!!!!!!!!!!!!!!!
Bryan	Lilliard	43232	I have been a loyal listener to WTPG since the format started. I supported the sponsors. I have a WTPG window cling on my car. The varied shows and different approaches have been refreshing and thought-provoking. Now, I just found out that in a week, it is going to be gone. I had caught a snippet from TVN on a program that Glen Beck might be moved to TPG. Now, it's a complete shift? For as big a company that Clear Channel is, you would think they would do more market research. This isn't the first time of a sudden format shift with little or no fanfare. I remember back in 2002 when 1230 was The Zone (Fox Sports) when it was "suddenly" switched to a '60s and '70 format. What is it with Clear Channel doing "quick" format

Paul	Straten	43231	
Jerry	Holt	43214	Please keep the Air America format. I will not be listening to your station again if you chose to do otherwise. I will only listen to NPR.
Carla	Schoch	43229	keep the show on 1230am in columbus ohio
margaret	baughman	44301	
Kathleen	Rosati	43082	Please please please do not take this action. Columbus desperately needs progressive talk radio - the "right" has O'Rielly and Limbaugh - this is a bad move on Clear Channel's part. Thank you.
Patricia	Calligan	43230	PLEASE do not change your format. I can honestly say that I listen to your station consisently from 6am to 4pm Monday through Friday. I love finally being able to have a Liberal format in Columbus. Replacing this format with just another type of talk radio that I can get from other stations (that I usually don't listen to) will not make you stand out in your market. 1230 Progressive is a great format (please remember that Central Ohio did turn more to the left in the last election), but I won't be listening if and when you change to what you're planning now. I'll just pay to get the radio shows that I listen to now - Young Turks, Stephanie Miller, Al Franken, Ed Schultz and Randy Rhodes. VERY Sincerely. Patricia Calligan. Gahanna, Ohio
Susan	Boggs	43221	We need to keep progressive talk radio in Ohio because it speaks to the majority of Ohioans . . . it's about time that the conservative right understand that!
Katharine	Frissora	143212	
Frances	Szakacs-Sigler	43035	
Vesna	S	43221	This is the only radio station in Columbus worth listening along with NPR.
Dwight	Maxwell	43202	I look forward to listeming to Progressive radio 1230 everyday. 1230 is my favorite station. I'd have to go back to bad music statons if it was switched to idiot right wingers. Besides, they already dominate the airwaves with Glenn Beck and Rush and others. It's refreshing, and important to hear the other story. I really hope it does not ao away.
scott	gottliebson	43130	I would ask that you folks reconsider your decision to alter your format. Progressive talk radio has been a godsend to this area as listening to those tiresome old (and young) hacks on 610 definately kills my desire to purchase anvthina advertised on their station.
Cheryl	Grossman	43220	I listen to this station all the time and I WANT PROGRESSIVE RADIO!!
Catherine	Baumgartner	43224	
michelle	oyer	43344	
Paul J.	Brown	43224	
Shep	Terhune	43201	
T. M.	Brex	43212	I'm a daily AirAmerica listener, and will continue to be, with or without WPTG. Please don't give ANOTHER person in the "golden" demo a reaso to go to XM radio. It is your choice.
Melissa	Keller	43055	
Mary Jo	Kilroy	43202	The public interest is best served by broadcasters who provide diverse commentary and opinion. Without progressive radio, the airwaves will be dominated by views that are widely available on other radio stations. I urge you to allow the robust dissemination of different points of view by continuing progressive talk on 1230 AM. Sincerely yours, Franklin County Commissioner Maw lo Kilrov
Gini	Szabo	43214	If you change your format, your station will be like so many others. Emphasizing talk shows is fine but please don't cut your current progressive programs.

patricia	fail	43315	How can you possibly justify cahnging the format of 1230 and taking off the present people that are on this radio station. It appears to me that you are not interested in what the people in Columbus and surrounding areas want to hear but rather a means to further shove your opinions and your concerns down our throat. I for one will never again listen to your station or support anv of you advertisers when this change is made.
Steve	Spencer	415324	
NICHOLE	HOYT	413204	I am a loyal daily listener to this station and if the decision is made to change the format, the station WILL lose my listenership, as well as at least 20 other individuals that I am personally aware of through friendships and work. This is a VERY POOR decision. I also miss my Big Eddie, good thing I can stream live.
Pam	Habib	53719	
Patricia	Green-Scott	410695	I thought that the war in Iraq was to bring freedom. The freedom that we have are being destroyed.
Richard	Hoenich	18103	
Randy	Gold	91403	
Lisa	Jackson	43065	I love progressive radio. Finally I had a station I could listen to that is funny, informative and discusses issues from MY point of view. I can't believe anyone would consider changing back to a conservative format. PLEASE don't do it. If it happens to WTPG in Columbus I will definitely stop
C	Burton	43311	
Gordon	Bittle	43085	I'm a loyal listener and promoter of AM 1230 due to it's refreshing Progressive format. Please don't change to yet another right wing talk station. You're all we have here in Columbus where the solid majority just voted in favor of the same Progressive values your current format
Clarke	Cummings	43214	Every time I'm in my car I'm listening to 1230. I find the shows to be very entertaining. I understand that this is a business, but Ingram and Savage are extreme in their view points. If this is what Ohio wants to listen to it is a sad commentary on our community.
Oliver	Jones	43202	Since when has silencing the opposition been a demoratic value? Keep progressive radio alive!
debra	thurston	06517	Dear Clean Channel Management, The best thing that has happened in this country is the introduction of Progressive Talk Radio on a large scale. It is the most efficient way to provide an avenue for entertainment, dialogue and social action. I know your station also owns the conservative talk radios but to diminish to dissolve this particular format won't increase your listenership. Instead it will not only decrease it, but will harm an already harmed sense of citizenship. I implore you to not only keep this format but for the sake of the health of this country, increase the stations and their frequencies.
Elizabeth	Miller-Lisy	43026	Getting rid of Progressive Talk Radio is just going to make airwaves monotone. There has to be SOME place we can hear intelligent discourse!
David	Mancino	43204	I listen to the station every day, during my morning and evening commutes, and during the day. I have gotten friends and co-workers to listen as well. The programming offers a refreshing and necessary balance to the far right conservative formats that mostly disseminate disinformation. I and my friends have supported the advertisers to the station. When the station changes formats to right wing hate talk, I and my friends will be changing the presets on our radios, and going elsewhere.
Marji	Mendelsohn	45215	. . .and in Cincinnati. This feels so politically strategic with regard to the '08 elections? silence all dissent.
